

Welcome

*Brian Reed,
President and Chief
Executive Officer*

We are pleased to continue our partnership with Sonoma Media Investments as the Presenting Sponsor of the inaugural *Women in Conversation at Home*. We are grateful to be part of this newly created virtual platform and hope that you find it to be enjoyable and inspiring.

We are fortunate to have Amy Gutierrez, better known as Amy G., in-game reporter for the San Francisco Giants, emceeding this evenings program, *Be Your Sustainable Self*. She will dive deep into conversation with three pioneering women who epitomize the essence of innovation and entrepreneurial spirit in Sonoma County.

Summit State Bank is proud to support the empowerment of local women to motivate each other and engage in important conversations.

A Better Sonoma County.
That's Our Business.
